

## Coronaprotocol for patients iMindU B.V.

Please disinfect your hands when you enter the practice. You can find disinfectant at the secretariat

Do not come to the practice early, just a few minutes in advance

Parents/supervisors who bring a child preferably do not wait in the practice while their child is with the practitioner. We would like to ask parents/supervisors to go for a walk or have a drink somewhere close.

At Barrera, the Museum of Antiquities, on the Court and at the Hortus, for example, there are opportunities to have a drink and eat

If you have symptoms, stay at home, and inform iMindU B.V. If possible, the appointment can be converted into an online appointment. Also stay at home if you are waiting for the results of a PCR test

Naturally, iMindU B.V. employees also adhere to these rules and we regularly disinfect the practice

These measures apply as long as there is a Covid-19 pandemic
